Whitmire is to have a big chautauqua the 30th of June and the first and third of July. July 1 will be a big day in the old town, and that is the same day that the State campaigners are to be in Newberry. The Glen-Lowry is going to give the mill workers a holiday on the first and will have the usual annual barbecue for them on that day instead of on the fourth as heretofore, so that every one may go to the chautauqua, and that is to be known as educational day and the governor is to make a speech. And there will be other things to amuse the people, and the people will be there, and don't you for a moment doubt it. It will be a bigger day than State campaign day in Newberry.

The Whitmire band and a party of fifty automobiles will journey to Newberry on Saturday of this week via Clinton with a party of Whitmire boosters, and they will advertise the chautauqua and the town as they journey.

The newspaper men who visited York last week have had much to say about the "spirit of York." Will somebody please furnish a little information about the spirits of York?—Rock Hill Herald.

Tut, tut, you naughty thing. The idea of your making any such suggestion.

"GOV. MANNING AND CHARLESTON."

Far be it from us to say aught about the way Gov. Manning runs things in Charleston. "Runs," we believe is the correct word, for according to the Charleston papers the governor's word has been law there for some time. For this reason it is a little strange that the iron thumb should be lifted just at this time. The governor will "allow the Charleston authorities to enforce law and ORDER," it is stated, on the eve of this very interesting campaign. From the way they did this in the past we have our own ideas as to how they will do this in the future. Somebody ought to feel kindly, in Charleston, about this concession from the governor. Elsewhere in the State there may be different ideas.

From all developments there may not be as many believers in the latest slogan from Charleston as heretofore. This runs:

"Manning is bad,
Cooper is worse,
Vote for Bleas—Safety First."—Greenwood Index.

Don't you say somewhere else in the same paper: "A vote is a vote and the man who can get the most of them is the man we must look to to turn the trick." Maybe the governor has caught on and then maybe the sheriff of Charleston is interested in the matter.

Fact is, all of them are out for the votes. It is votes they want. Your are right, the man who gets the votes turns the trick.

The grand jury finds all the county offices in good condition and commends the neatness of the books. All the magistrates had their books in for the inspection of the jury.

The grand jury says that the roads in the county are in better condition than in several years. That is good, but the jury should have given commendation to old split log drag and have recommended its more general use.

The grand jury commends the work of his deputies for their efforts in the enforcement of the law.

The grand jury commends the work of Mr. M. J. Smith as keeper of the county home and finds everything in fine condition and the inmates well pleased with their treatment.

The recommendation of the grand jury that a new jail be built is a good one. There are two corners in College street at the intersection of Harington either, one of which would

make a good location and that the county needs a new jail every one will agree. The old jail is neither modern nor sanitary and the prisoners are entitled to good treatment even after conviction and certainly before they are convicted. Under the law they are presumed to be innocent until they are proven guilty.

Please do not forget to heed our simple statement. We shall be very sorry indeed to part with any of our subscribers, but if we do not hear from you by the first of July and the date on your label is further in arrears than the year 1916, we shall be forced to take your name from our mailing list. The payment of only one dollar, even if it does not pay you up, will retain you on the list. We are not yet going to the strictly cash in advance system, though we know that is the proper plan, but under all the circumstances we have not decided to do that just yet, but we cannot afford to accumulate a big arrearage list such as we once had. We know this is a bad time of the year in this section to collect money but we feel that if you really want The Herald and News you can raise one dollar, or if you cannot spare it you can send us a post card or call at the office and request that the paper be continued and you will pay some time soon. We are going to give you a real newspaper and not a partisan paper, and during this campaign year we are sure you will want just such a paper and for that reason we are going to bear with those who are in arrears if they will just show that they desire us to do so. But we must economize in white paper and not send the paper to those who do not intend to pay for it. Or those who do not want it. It is not our purpose to worry you about this, but simply to deal squarely and fairly with you and take you sufficiently into our confidence to say that it takes a lot of money to buy white paper and to pay the other expenses of printing the paper and if those who read it do not care for it why we do not care to go to the expense and trouble of sending it. Remember it is only two weeks until the first.

We notice that most of the sand and dirt that city council had hauled in the streets to fill up the holes and make it smooth has washed back into Scott's creek or some other place. That is not so bad, however, because it will give employment to haul it back again. A few haulings, of course, would pretty near pay for making a permanent street but then we might run out of work if all the streets were paved.

THE CRIMINAL COURT HAD ONLY TWO DAYS WORK

The court of general session after two days work adjourned Tuesday afternoon. The most important case coming up was that of Ira O. Burton for murder whose case was continued to the November term of court. Other cases disposed of were:

Thos. S. Rainter charged with adultery, true bill, continued.

Stout Douglas, burglary, found guilty and sentenced to five years imprisonment. This is the negro who broke into Mr. Holland Ruff's home and was found sleeping in one of his beds last Saturday night.

Mary Worthy charged with arson, true bill, tried and a verdict of not guilty was directed by the court. Mary was represented by Geo. B. Cromer.

George Mayer, an appeal from Magistrate B. B. Hair's court, was granted a new trial.

The presentment of the grand jury was made on Tuesday and Judge Gary took occasion to commend the work of the grand jury and to congratulate Newberry on the excellent conditions which exist in the county.

Bird Club Organized.

Tuesday afternoon the bird club was organized in the bird sanctuary in Johnstone's woods on Johnstone street adopted a constitution and elected the following officers:

John M. Kinard, president; Mrs. H. A. Workman, vice president; Julius B. Boozer, secretary and treasurer; F. N. Martin, general manager; Miss Elizabeth Dominick, reporter and Mrs. R. H. Wright, chairman, membership and entertainment committee.

The club did not adopt a name but decided to have suggestive names submitted by any one to the county papers and then select a name from these by a committee.

Everybody will be eligible to membership, adults 10 cents, payable annually and children be allowed to join free. Dues for active family membership \$1.00, payable annually. Life membership \$5.00, fee for a patron \$10.00 and for a benefactor \$100.

In order to create an interest in the movement for the protection of wild birds the club decided to plan a picnic on some date soon to be held in bird sanctuary and invite Mr. James Henry Rice and Miss Belle Williams to make speeches in the interest of this movement.

The following resolutions were adopted:

Resolved, By the bird club that the sincere thanks and appreciation of the club be extended to Senator Alan Johnstone, Col. Geo. Johnstone, Mrs. Clara McCrary and Miss Fannie Johnstone for providing the club a beautiful bird sanctuary, situated in the heart of the city of Newberry, which seems by nature to be especially adapted for that purpose.

Resolved, That our appreciation and thanks be also extended to Mrs. Herbert A. Workman for furnishing us a bird sanctuary situated near her residence just outside the incorporation of the town of Newberry.

Resolved, That a copy of these resolutions be sent to each one of the above mentioned persons by our secretary and that they be published in each of the county papers. The club is very anxious to have an active and appropriate name, and will be glad to have as many suggestions as possible through the county papers so the selection can be made by a committee consisting of Mrs. J. W. Floyd, Mrs. Clara McCrary and Mrs. Mary Burton. Those who desire to join the club can sign application at any one of the banks upon payment of fee. Our first and prime duty is to get rid of the English sparrow, and to that end we would suggest and recommend that their nests be destroyed, however, we urge that extreme care be taken to be careful not to destroy nests of any other birds.

Julius B. Boozer,
Secretary and Treasurer.

A Fine Record.

Mr. W. H. Hardeman has umpired the base ball games in Newberry for the college team for the past ten consecutive years and in all that time has never had a kick as to his decisions. This is a fine record. President Harms says he doubts if there is another such record in the State.

The umpire's job is not a pleasant one at best, but to have a record such as this for so long a time is a high compliment to the fairness and justice and impartiality of Mr. Hardeman, and to his good judgment and knowledge of the game as well.

Darwin Karr, Nell Craig and Edmund F. Cobb, are featured in "Her Naked Soul," produced in three reels by Essanay, at the Opera House today.

GRAND JURY MAKES ITS PRESENTMENT

STATE OF SOUTH CAROLINA,
COUNTY OF NEWBERRY.

To His Honor, Judge Frank B. Gary, presiding:

We, the grand jury of Newberry county, at the sitting of the summer term of court, wish to make the following presentation of such matters as have been brought before us for our consideration.

We wish to express to the judge presiding our appreciation and thanks for his charge and instructions to us.

We have inspected the county home, jail and court house and find as follows:

The county home, in charge of Mr. M. J. Smith, we find in excellent condition. The premises are in a clean and sanitary condition, and the inmates all express themselves as being well cared for. We find an abundance of corn and roughage, and on every side evidence of making the home self-sustaining.

The county jail we find in as good condition as one could expect of an old building. We would repeat the recommendation made by a former grand jury that steps be taken to-

wards the erection of a new and modern jail. We found very few prisoners in jail, these expressing themselves as being well cared for.

We find the county court house well kept. There are no evidences of any repairs being needed.

We have examined the books of all the magistrates of the county and find them correctly kept.

The committee to examine the books of the other county officers will make its examination at the next term of court.

We wish to call the attention of the court to the bad condition of the railroad crossings between Colony church and Prosperity, and recommend that this matter be taken up at once with the railroads by the proper authorities.

We would recommend that the commutation tax collected on each section of road be expended on the improvement of the section from which it is collected. We recommend that this be done during the next six months.

The roads throughout the county appear to be in good condition.

We have passed on all bills presented to us, and have returned them to the court.

We wish to commend the sheriff and his deputies for their diligence, and all the officers of the county for their faithful and efficient work.

We recommend that the clerk be paid the usual fee.

Respectfully submitted,
W. F. Ewart,
Foreman of the Grand Jury.

BRITISH EXPLANATION

An English servant thoroughly skilled in all household work said to her mistress, "Hits my idea Mum. that borax puts the 'ope in soap'. And there is no 'ope for soap without borax."

It is true that borax is to soap what electricity is to street cars. It makes it go farther and do more work. It is very much cheaper, too! 25c worth of "20 Mule Team Borax Soap Chips" will do more washing of clothes and general household cleaning than 50c worth of good bar soap or soap powder.

TO THE PUBLIC.

Our roller mill is now at work, and we are prepared to give you the best of service. We have on hand now, flour, graham or whole wheat flour, grits, meal, bran and shorts.

TO THE FARMERS

Be sure to sun your wheat, it is not dry enough to give you best results if you have not done so.
